Dy Commissioner's Office
Mysore District
Dated Mysore 8th October 1894

From

A Rangasawmiengar Esquire
Dy Commissioner
Mysore District

To

The Chief Secretary to the
Dewan of Mysore
Bangalore

Sir

With reference to your Gen. Petition No 718 dated 16th June 1892, I have the honor to report that the Inam land measuring Ac 13 · Guntas 14 in the bed of Hebbal tank, Mysore Taluk, was brought under Kharab as it was in the bed of the tank. The Survey Superintendent declined to assess and confirm it as Inam as there were garden lands below the tank the assessment on which would have to be reduced if the land in question was assessed. On the appeal of Verabhadrappa the Government were pleased to order that, if possible, the land should be acquired by paying some compensation to him. He was asked [illegible] to appear before me and the Case was adjourned from time to time, for the purpose. He is now reported to have informed the Amildar that he is not willing to part with the land.

The land in question contains a large No of date trees and is liable to be submerged if the tank be repaired. The land has never been under cultivation and has all along been kept as Hulgaval. It is desirable, if possible, to acquire the land to stock date trees, but it is not indispensible. In the Sannad issued by His late Highness, the land is described as Hulgaval resigned to the Palace by one Sreenivasa Iyengar but its extent is not defined. Enjoyment of a tank-bed as Hulgaval can confer on the owner no right to object to the restoration of the Tank or to claim Compensation and as there is no immediate prospect of the restoration of the breached Hebbal Tank I recommend that the land may be assessed and given to the Petitioner on the express stipulation that he can claim

No Compensation if any portion of it should be submerged when the Tank is repaired.

The petition received with the above is herewith returned.

I have the honor to be
Sir
Your most obedient Servant

Petitions registered Nos: 403, 552 & 1406 dated respectively 25th May 1891, 3rd May & 18th December 1892 from Veerathanappa, Mulur, praying that his Inam Comma in the bed of Kittal tank, Mysore Taluk, treated as Kharab during the Survey Settlement may be restored to him.

2. Letters Nos: 389 and 862 dated 8th October 1894, & February 1895 respectively ~~[illegible]~~ ~~on the same~~ from the Dy. Commr., reporting on the same

No. 1556 / Rev: 1360 } 18-3-95 / 20.

Order:—

The papers read above are forwarded in original to the Superintendent of Revenue Survey, whose attention is invited to the Dy. Commr's suggestion contained in the last para of letter No: 389 dated 8th October 1894 read above. It is said that the land had been confirmed as Inam. If so, the Govt. has recognized the private right of the Petitioner in the land and, any loss which has resulted from the Survey Classi-

fication

fication, the Petitioner is entitled to be compensated. The Superintending Revenue Survey is requested to favor the Govt. with his views as to whether he would assess the land or allow it to be enjoyed by the Petitioner as Inam or whether he would propose compensation being given to the Petitioner once for all. The land is reported to have been overgrown with a large number of date trees.

H N.M

Survey Superintendent's Office
Bangalore 26th March 1895

To
The Chief Secretary to the
Government of Mysore
Revenue & Statistical
Department

Sir,

I have the honor, with reference to Government Proceedings No 15556 / P.No 1330 dated 10th March 1895 on the subject of the best way of disposing of the claim to certain Inam land in=cluded in the bed of the Hebbal

18

Hebbal tank, Aigoor Taluk, to make the following remarks

2 The land in question is stated to be $\overset{A}{3}. \overset{G}{4}$ in extent and to have never been cultivated but always used as Hulgaval but still the land is recognised as Inam and the Government recognised the Inamdar's private right to the land and considers him entitled to compensation for any loss which may have resulted.

resulted from the action of the Survey Department.

3 One of the most difficult and most frequently disputed operations of the Survey Department is the correct demarcation of tank beds. The lands in tank beds are much coveted and the action of the Survey Department is often objected to but I believe that the very strict Departmental Orders on the subject of measuring these tank beds are fairly carried out

out by our Measurers under the supervision of my Assistants

4 In the present case I have no doubt of the correctness of the Measurer's work. I am entirely in favour of giving compensation in the present and similar cases, where claim to compensation can be established. It is a serious matter giving up the Government right in tank beds regarding which the Government Orders are

so

so strict and besides the tank is liable to suffer. Temporary tenure, the land not being assessed by the Survey Department, would not be valued by the Inamdar. Enclosures are returned
